THE CHILDREN’S FOUNDATION FOR EQUINE ASSISTED THERAPY PRESENTS

“Horsing Around”
Skills Groups for Children with Special Needs with Anke Ebener and Elizabeth Ossip, MSW/CSWI

This program is designed for children with varying exceptionalities, Autism and related developmental disabilities, ADD, ADHD, learning disabilities, and behavioral issues. The group will focus on enhancing social-pragmatic skills through interaction and activities with horses and horse related arts and craft projects. Communications and peer relations will be established and enhanced, enhancing emotional growth and the learning process.

For More information please contact:
